

How Parents and Pupils Can Access Google Classroom

01 Step One

Teachers list pupil homework on Google Classroom so parents and pupils can see clearly what needs to be done. Google Classroom can be used on a computer or laptop, smartphone or a tablet.

02 Step Two

- Open your web browser: Go to Google Chrome, Firefox, Safari, or any other web browser you prefer.
- Go to classroom.google.com: Type this address into the URL bar and press Enter.

03 Step Three

To logon, a student's username will be: `firstname@lordsschool.net` and their normal school password. The only way parents can see their children's work is by using their child's logon details.

04 Step Four

The pupils should see all the classes they are in.
Click on a class!

05 Step Five

Pupils will be automatically invited into each class at the beginning of the academic year.

06 Step Six

To view classwork for a particular subject, click on that class and choose Stream. You will see all assignments for that subject.

07 Step Seven

Click on one of the homeworks to open it. Opening the assignment will show you the instructions and any files attached if there are any).

08 Step Eight
